Reference:

If you are looking for a QUALITY built log home, then Mission Creek Log Homes built by JR Troyer is who should build your log home. After having JR build my log home 1 1/2 yrs ago, here are the reasons that I can so highly recommend him:

First, he takes personal pride in the quality and craftsmanship of his work.

He has a very real passion for building log homes.

Very equitable in his price quotes.

An excellent time manager (never wastes time).

Willing to work with you throughout the project.

Everything is hand-crafted.

Goes out of his way to make sure his customer is pleased and will explain/answer any questions or concerns.

He is extremely knowledgeable and experienced in building log homes.

As an aside, he also builds gazebos. So, when I decide where I want a gazebo, I will have him build it for me.

I totally trust and love his work. In my opinion, YOU CAN'T DO BETTER!

Please feel free to call me if you want to hear personally my opinion or to set a time to come by and see for yourself my log home built by JR.
